

PETITION AGAINST ASSISTED SUICIDE

SB 128 seeks to legalize physician-assisted suicide in California. Passage will create new paths of elder abuse in which heirs and other predators will be able to pressure and abuse older people to cut short their lives. In Oregon, where assisted suicide is legal, patients desiring treatment under the Oregon Health Plan (Medicaid) have been offered suicide instead. Since Oregon legalized physician-assisted suicide, other suicides have increased in that state, including violent firearms suicides. The financial cost of these other suicides in Oregon for hospital treatment, rehabilitation, etc. is enormous. We do not want or need the "Oregon Experience."

PETITION TO THE CALIFORNIA LEGISLATURE and THE GOVERNOR

I oppose assisted suicide, less commonly known as "aid in dying."
