

AMA Opinion 2.211 - Physician-Assisted Suicide

Physician-assisted suicide occurs when a physician facilitates a patient's death by providing the necessary means and/or information to enable the patient to perform the life-ending act

. . .

Physician-assisted suicide is fundamentally incompatible with the physician's role as healer, would be difficult or impossible to control, and would pose serious societal risks.

AMA Opinion 2.21 - Euthanasia

Euthanasia is the administration of a lethal agent by another person to a patient . . .

Euthanasia is fundamentally incompatible with the physician's role as healer, would be difficult or impossible to control, and would pose serious societal risks.
